

The first thing we shaped was a great place to work

Become a 2018 SHAPE Cadet

We're looking for people who want to fast track their career and learning by combining work, study and most importantly having fun!

SHAPE in a nutshell

SHAPE Australia is a leading fitout and refurbishment specialist; having delivered projects nationally for the past 28 years.

We know our success is driven by our people and here at SHAPE, not only do we transform property for our clients, we shape the careers of our people too.

The SHAPE team contains some of the brightest talent in Australia and we work hard to attract, retain and nurture our people. Our future is bright and yours can be too.

A SHAPE Building Cadet

A SHAPE Building Cadet is a learning role supporting project delivery teams during pre-construction, onsite during construction and post-construction to ensure client satisfaction.

We understand our cadets will be studying and may be expecting to work part-time. So we will work with you to create a flexible working plan to accommodate university timetables and holidays.

The Cadet Development Program

The Cadet Development Program gives you not only a hands-on experience with real responsibilities, but also a tailored learning plan to gain exposure to skills you can't always learn in a text book.

The program will kick off with an induction week to learn about SHAPE, your role, cover some basic training and introduce the **SHAPE Passbook**.

Your SHAPE Passbook is a guide that gives you the flexibility to learn at your own pace. You can start it straight away and there is no clear end date on the program.

YOUR PASSBOOK

90% Learn by Doing and through Others

A mixture of assessed on-the-job competencies and mentoring from your manager.

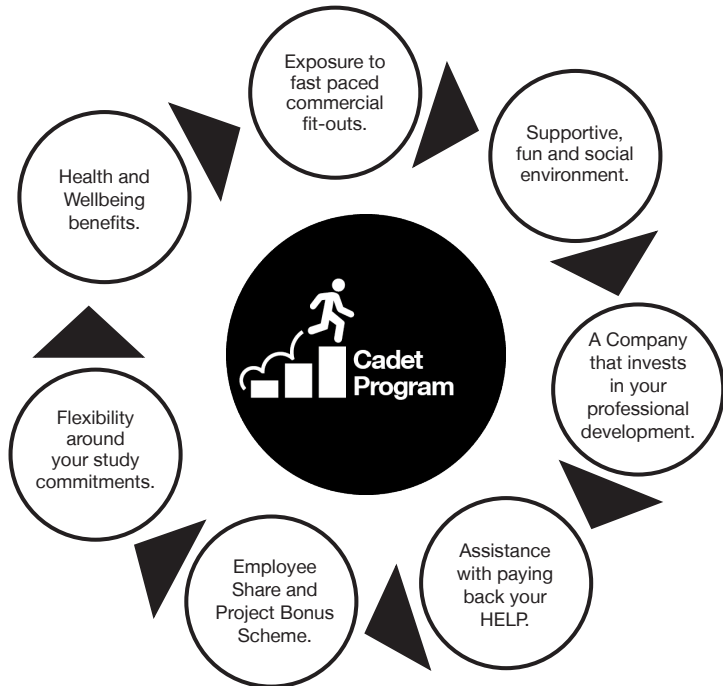

10% Learn by Events

A combination of formal technical training and personal development.

Working at SHAPE Australia

Our vision is to be a **Great Place to Work**.

That means we live by our values and take having fun **VERY** seriously. SHAPE gives you the opportunity to gain a variety of hand-on experiences in a live environment.

Sounds great, how do I apply?

Who we're looking for

It's important to us that you are the right fit to join our team, but just as important that SHAPE is the right place for you.

We're looking for Cadets who are studying Construction Management, Architecture, Engineering, Quantity Surveying or similar, match our values, have a passion for construction and a willingness to learn.

The application process

The recruitment process will include you completing an application form and providing a copy of your CV, transcript and cover letter. The rest of the process will include attending an assessment centre, face-to-face and online video interviews.

Applications close on **Friday 2nd March** at 5pm (QLD / ACT / VIC) and **Friday 30th March** (NSW / SA).

The next steps

If this sounds like something you would like to pursue, submit your application by visiting our website and going to Careers -> Current Opportunities. Here you'll find the Building Cadet job ad. Click Apply. We'll ask you for a copy of your CV, Transcript and Cover Letter.

Before you submit, take a moment to visit the Cadet Career page too. Here you'll find the Cadet Program flyer, Recruitment Process info sheet and a video about what working at SHAPE is like.

Questions
